

# CONTAINER CAMPS

**CROCODILE  
CONTAINERS**

# PORTABLE & SEMI-PERMANENT CAMPS

Our camps are built to last.  
Designed to provide comfort and  
flexibility in the most remote and  
harsh locations.

---

## SAFETY & COMFORT ARE OUR PRIORITY

All units are fitted with split system  
ac's, smoke detectors and are  
designed to comply with mp3.3  
Australian standards.

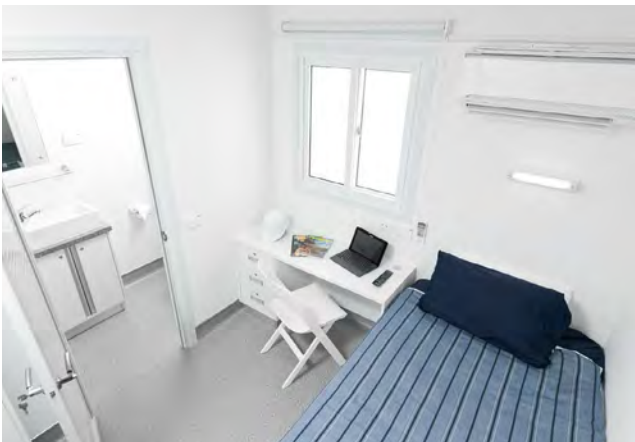

---

Single, shared & ensuite rooms  
available.

King single bed standard.

2.4 & 3m wide rooms.

TV's, data and bar fridges available.  
under bed storage compartments.

# **HIGH QUALITY COMMERCIAL KITCHENS**

**Kitchen, prep rooms and diners are designed to cater to smalls camps or large camps up to 200+ people.**

**High quality stainless steel fixtures and fittings.**

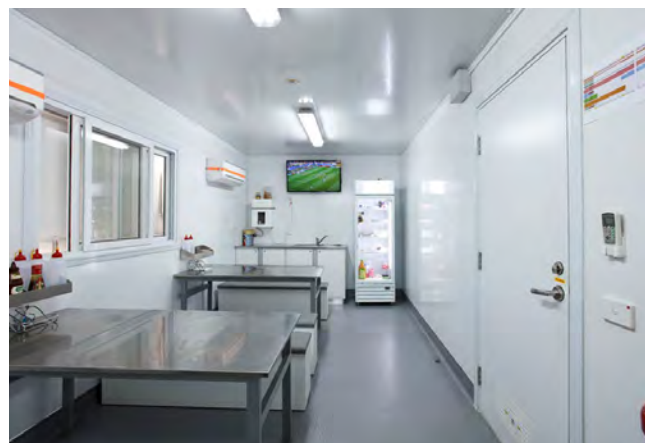

**Self serve walk through serveries.**

**Emergency shut-down.**

**Chillers with freezer, fridge and dry store rooms include features such as ice-machines and dual motors to allow for redundancy. A must have when working in remote areas.**

**Each dining room can cater up to 30 people at one time. The modular design of the camp means its easy to add on extra units when more seating is required for larger camps.**

**Diners include instant hot water, water filtration for drinking, sinks and display fridges.**

# PLUG & PLAY CONNECTIONS

Australian standard plumbing and electrical connections.

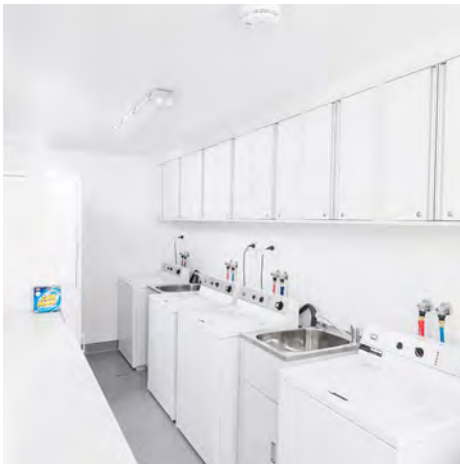

Laundries are fitted with commercial grade washers and dryers.

Loaded with storage space.

Individual toilet and shower cubes.

Lino flooring is etched up the wall to allow for easy cleaning.

---

# RECREATION FACILITIES

**Gyms**

**Undercover  
entertainment and  
wet mess areas.**

**Theatre rooms with  
satellite connectivity.**

**Gaming rooms**

# BUILT IN SERVICE RECESS

Lockable built in service recesses mean less setup work on site as well added security & safety.

# BREEZEWAYS

Breezeways are modified 40ft hi-cube containers, which create internal hallways. Breezeways protect personnel from the external elements and can also be locked when the camp is not occupied.

# FLEXIBILITY

Camp styles include standard 2.4m wide containers with fold down walkways and shared ablutions to 3m wide ensuited camps with breezeways. These innovative design features allow for a quick and economic mob and demob. Ideal if you need your camp in a remote area or need to move it regularly.
